#FASTFORWARDWITHBIG5GLOBAL

“

I met excellent manufacturers from all over the world who are focused on climate action. It’s helpful to understand emerging market trends and see what products are available. I’ve also seen many promising collaborations beginning to form.

AGM
Sustainability Sobha Constructions

“

I’m a developer and builder based out of Australia, so I’m always looking for ways to implement innovative construction methodologies and to further my supply chain for building materials from various parts of the globe.

Co-Founder, Managing Director
Nexus Developments

“

I’m here to collaborate with professionals, meet friends, and connect with architects and construction firms we can work with. It’s also about how we integrate new ideas, like the materials showcased here, that we can bring back to Manila. There’s so much to learn.

Senior Landscape Designer
Clarq Landscape Design

“

Big 5 Global is one of the best events in the region. Each year I witness tremendous quality of exhibitors, new events, talks and summits. The best part is the growing focus on sustainable construction and living.
