# Togal.AI signs 10 clients and attracts hundreds of leads in the Middle East

## Challenge

Prior to being featured in the Start-up City competition, Togal.AI had very limited clients internationally.

## Solution

Start-up City provided Togal.AI with exposure to international clients and expanded their reach in the market.

## Results

Since winning first place at the Start-up City competition, Togal.AI has signed 10 clients in the Middle East, and met with hundreds of potential customers.

**Togal.AI** has developed the industry's most advanced pre-construction technology fine-tuned for automatically detecting, measuring, comparing, and labeling project spaces and features on architectural drawings. A cloud-based technology, **Togal.AI** supports all drawing formats and allows for collaboration between team members. **Togal.AI** reduces the takeoff process from days to seconds.
