

Celebrating Impact in Construction

Awards ceremony guide

5 December 2023

The Ritz-Carlton, DIFC, UAE

About Big 5 Global Impact Awards

Big 5 Global Impact Awards **celebrate sustainable development, technological advancements, and digital achievements in the construction industry of the Middle East, Africa, and South Asia.** These awards go beyond traditional project measures and aim to raise industry standards.

With an international panel of judges, including renowned experts, **entries are evaluated based on category criteria and principles of:**

- sustainable development
- transformation
- people

By participating, you can showcase your organization's achievements in alignment with global efforts for positive change, innovation, and growth. The award categories focus on:

- sustainability
- digitalization
- smart communities
- technology-enabled sustainable practices
- diversity and inclusion
- partnerships
- heritage conservation
- leadership

WINNER OF THE 2022 ‘CARBON NET ZERO INITIATIVE OF THE YEAR’

This award reflects the work that the entire team has put into finding an alternative way of using construction materials and solidifies our efforts towards making Africa a sustainably developed region. It has allowed us to share our efforts with the rest of the world and to showcase the multitude of alternatives and opportunities the continent has to offer. We take immense pride in being able to represent the African continent.

Ghislaine Tessa Ketcha, CEO, Millennium Group

Supporting the sustainable development goals

Inspired by the Sustainable Development Goals, Big 5 Global Impact Awards is a platform to celebrate the achievements and transformation of the construction industry that go beyond traditional measures of project delivery.

SUSTAINABLE DEVELOPMENT GOALS

Decent work and economic growth

Industry, innovation and infrastructure

Sustainable cities and communities

Partnership for the goals
