Turn demand into contracts

Be the supplier they choose

Startup City is a platform that brings ConTech, PropTech, InfraTech and EarthTech startups together with the decision-makers driving major projects.

As cities expand and the demand for efficient infrastructure and sustainable materials grows, contractors, developers, AEC firms, government leaders and investors attend to explore, evaluate and select the solutions required for ongoing and upcoming developments.

Co-located with Big 5 Global, the event gives exhibitors direct access to the industry leaders responsible for specification and procurement.
